

Training Portal Update

Displaying our Tiered-Pricing on our Training Portal:

On **Tue. Mar. 17th** S2SA's Training Portal will undergo a change related to how the pricing of each course is displayed on the Portal.

Important notes:

- The pricing of our public training courses is **not** changing.
- S2SA uses tiered-pricing (three tiers), meaning different prices for SAFE Work Certified Members, Members and Non-Members.
- Full details of our training prices and our three tiers can be found by clicking on the **Public Training Pricing** button on the **Training** page of our website: <https://s2sa.ca/training/>
- Our Training Portal will change to display the tiered pricing (instead of stating "Contact for Pricing" as it does currently).
- Our S2SA Training Portal is here: <https://swmb.bluedrop.io/storefront/s2sa>
- The Portal will display the Non-Member price for each upcoming course. There will also be a **Discounts** link to click to view the prices for the other two tiers: SAFE Work Certified Members and Members.
- S2SA will continue to send invoices for training once each training session is complete.

Further info:

- If we change a training price in the future, or add a new course, we will inform our Members via email and on our website.
- If you have any questions about this upcoming change or anything related to S2SA's training, please contact us at info@s2sa.ca.
